# Learn at Home with PBS KIDS

**Week of  
March 15th**

## **Hello, Families!**

Welcome to **Learn Along Bingo!** We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With Learn Along Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

### **It's Five Senses Week!**

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

### **Learning Spotlight: Our Five Senses**

People use five senses to observe objects, organisms, or events. Using our senses, we learn about the world around us.

### **Show What You Know: Use Your Senses**

The last activity in this packet is a perfect way for children to learn about their five senses.

**Tune in:** Watch NATURE CAT at 12pm ET on Tuesday, March 16th on the PBS KIDS 24/7 channel.
