Five Senses

BINGO

Learn at Home with PBS KIDS

**Week of
March 15th**

Hello, Families!

Welcome to **Learn Along Bingo!** We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With Learn Along Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

It's Five Senses Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: Our Five Senses

People use five senses to observe objects, organisms, or events. Using our senses, we learn about the world around us.

Show What You Know: Let's Explore Senses T-Chart

The last activity in this packet is a perfect way for children to learn about their five senses.

Tune in: Watch ELINOR WONDERS WHY at 3:30pm ET on Tuesday, March 16th on the PBS KIDS 24/7 channel.

Ready for more? Watch your favorite PBS KIDS shows on the 24/7 channel and live stream at pbskids.org/video/livetv or on your local PBS station.

Happy learning!

I Spy with My Little Eye

_____ Name

You can observe the world using your five senses: sight, touch, taste, smell, and hearing. Use the chart to look for objects, letters, and numbers around you. In each square, draw a picture or write about what you found.

I spy with my little eye...

a number	an animal	something that moves
a letter	a nonliving thing	something that begins with the letter "a"
a shape	something that rhymes with "two"	something red
