Learn at Home with PBS KIDS

**Week of
December 28th**

Hello, Families!

Welcome to **Learn Along Bingo!** We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With Learn Along Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

It's Healthy Me Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: Developing Healthy Habits

This week, we're learning how developing healthy habits is important because it helps us to take care of ourselves.

The last activity in this packet is a perfect way for children to make new goals and habits for the new year.

Tune in: Watch PINKALICIOUS AND PETERRIFIC at 3pm on Tuesday, December 29th on the PBS KIDS 24/7 channel.

Dance Party!

Dancing is a great way for kids to get exercise, express their creativity, communicate feelings, and enjoy music. Try some of these dance ideas together—fun for the whole family!

Freeze Dance

Kids dance like they can't stop, and then freeze like a statue!

- Put on music and have everyone dance.
- Stop the music suddenly—everyone freezes in place!
- Repeat by restarting and then stopping the music again.

Let's Dance!

Dances come in many varieties. What's your favorite?

- What's your favorite dance style or steps? Teach your child the basics, then put on some music and boogie!
- Ask your child to show you the dance he or she did in class. Can you guess what he or she is imitating?

The Add-On Dance

Together, make up a dance, step-by-step. Can everyone remember the moves?

- The first dancer does a dance move ("jump up and down," for example).
- The next dancer adds a move ("jump up and down...then spin around").
- Continue to add steps. When the dance has at least three moves, perform it together.

Look for free or low-cost dance performances at schools, libraries, and local arts organizations.
With your child, enjoy the excitement of a live show!

Mood Music

Choose a day of the week. At the end of the day, ask your child: *What happened today? What did you do? How did you feel? What happened to make you feel that way?*

Have your child draw a face in the chart and write a word describing the feeling.

Explain to your child that music can often help us express our feelings.

Together, sing or listen to some music that reflects how your child is feeling. (If you know how to sing or play "the blues," make up new words to a simple blues melody.)

Repeat the activity a few times during the week. Invite the whole family to join in.
