Learn at Home with PBS KIDS

**Week of
April 19th**

Hello, Families!

Welcome to **Learn Along Bingo!** We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With Learn Along Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

It's Protecting Our Planet Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: Protecting Our Planet

Children will learn that they can make choices that can reduce their impacts on the land, water, air, and other living things.

Show What You Know: Protecting Our Planet

The last activity in this packet is a perfect way for children to learn how their choices impact the environment.

Tune in: Watch **CURIOUS GEORGE** at 5pm ET on Tuesday, April 20th on the PBS KIDS 24/7 channel.

Ready for more? Watch your favorite PBS KIDS shows on the 24/7 channel and live stream at pbskids.org/video/livetv or on your local PBS station.

Happy learning!
