

# Our Solar System

[pbskids.org](http://pbskids.org)

Did you know that each planet in our solar system looks like a certain color when seen from space? For example, Mars looks red because of its iron-rich soil. Use the number key to color the planets and sun.

## COLOR KEY

- 1 = red
- 2 = orange
- 3 = yellow
- 4 = green
- 5 = blue
- 6 = gray
- 7 = brown
- 8 = black
- 9 = beige
