

# “Daniel Tiger’s Neighborhood” Rules for the Pool

Follow the rules to stay safe at the pool!

**Listen to a grown-up** while at the pool!  
The lifeguard or water watcher will remind you of the rules when you’re near the water.

**No running.** Slow down when you are around water. The ground is wet and could be slippery. If you run, you might fall and get hurt.

**Always ask.** It’s not safe to swim alone, so remember to ask a grown-up before you get in the water.
