

Many Ways
To Show You Care

My Ways to Show I Care

There are many ways to say I love you and to show someone that you care about them. You can draw them a picture, play a game with them, sing them a song, you can cook them something tasty, eat something they made for you, help clean up, listen to them, and even just spend time with them. What are the ways that you show you care? Use the space below to write or draw how you show you care.

I show care by _____
